About this document

This document outlines the new features, functions and changes added in the desktop version of Workspace 1.26.2:

Document version	Summary	Release date
1262.01	Summary of updates in Workspace 1.26.2	07 June 2025

Intended readership

This document is for customers using or interested in LSEG Workspace version 1.26.2

Supported versions

LSEG provides operational support for versions of Workspace released during the previous nine months (the obsolescence period).

Where there is a patch version, this version will be supported instead of the version it has superseded.

For more information about the specific versions that are currently supported, see the Workspace Support Policy.

Build number

The build number for this version of LSEG Workspace is **1.26.187**

What’s new in version 1.26.2

Workspace

New features and enhancements

Datastream Chart Reports

- Support for running Datastream Chart Reports with macro scripts.

Workspace for Microsoft Office add-in

For the new features, enhancements, and bug fixes released in LSEG Workspace Office add-in version 26.13.13.0, which are now available in LSEG Workspace 1.26.2, click here.

New features and enhancements

Manual mode improvements

- Performance and stability enhancements in manual mode.

RtContribute enhancements

- Further improvements to the RtContribute function.

Fixes

- Improved handling of nested IFs using statistical functions like AVERAGE.
- Resolves an issue in which, in some cases, Shift+F9 did not update all formulas while in manual mode with Deep Calculation turned off.

Fixed issues

Time Series fix

- TSI-JS is now able to populate the current day's CLOSE field based on all underlying valid fields of CLOSE.

Version history

Workspace 1.26.1

Release date: 19 April 2025

Workspace

Enhancements	• New version of Electron • Datastream Charting enhancements • Workspace shortcuts enhancements

Workspace for Microsoft Office add-in

Enhancements and fixes	• Chunking support added • Datastream Charting fixes • Datastream for Office (DFO) fixes
